October 20, November 17, January 12, February 23,  
March 16, April 20, May 18

Parents, teachers, school administrators and educational consultants are invited to visit our school. During the evening presentation, we discuss our school's program and the profile of Armstrong students and provide a brief overview of learning difficulties.

The evening program is designed for adults and provides visitors with information about Charles Armstrong School as well as a better understanding of how we meet the diverse learning needs of the students at CAS.

A master teacher will discuss Armstrong's academic and co-curricular programs, as well as programs and activities designed to teach basic life skills and self-advocacy skills.

You may also contact the Admission Office to arrange a self-guided classroom observation.
